

Job title: Assembly Fitter
Basis: Permanent
Location: Scarborough

Scarborough based Unison Ltd is a highly successful manufacturer of CNC tube bending machines. Unison Ltd manufacture and supply high end machines to a world market in sectors including Aerospace, Automotive and Marine.

We currently have a full time vacancy for an Assembly Fitter to further strengthen our manufacturing team.

The successful candidate will be required to produce high quality work to tight deadlines with the minimum of supervision. We are looking for a highly motivated individual with good communication skills and at least 3 years experience in a similar field. Reporting to the manufacturing supervisor you will play a key role in the assembly and manufacture of our world class machines with key focus on quality and consistency.

Responsibilities will include:

- Assembly and fitting of mechanical assemblies
- Alteration of machine parts for fit
- Assembly of gearing & belt drive systems
- Assembly of roller & ball screw assemblies
- Mechanical handling
- Assisting with machine pass off & acceptance

This is an exciting role based in a fast paced production environment. The right candidate must have a can do attitude and have good working knowledge mechanical components.

Required experience / knowledge:

- Time served apprentice
- Flexible approach to work
- Good attention to detail
- At least 3 years experience in a similar role
- Team player
- Ability to work from drawings
- Use of general purpose machine shop equipment
- Good problem solving skills
- Use of measurement equipment
- Pneumatics

Special requirements:

- Travel both in the UK and abroad occasionally
- Full driving licence
- UK Passport

The post is based at our manufacturing facility in Scarborough but travel throughout the UK and world may be required.

This is a full time salary based position. You will be required to work a 39 hour week 7.45 - 4:45pm Monday to Thursday, including two 15 minute breaks Monday to Thursday and one break on a Friday with an early finish at 1pm Friday. You may be required to work overtime depending on production demand.

To apply please email: enquiries@unisonltd.com with your CV and covering letter.
